

List of Art supplies I use and links

- Stencils- <http://www.artistcellar.com/>
- Stencil Girl Product- <https://www.stencilgirlproducts.com/>
- Cedar Canyon Textiles-<http://cedarcanyontextiles.com/>
- White Tissue papers <https://www.dickblick.com/items/11308-1493>

Golden Mediums (brand)

- Gloss Medium Gallon size- <http://www.dickblick.com/items/00628-1115/>
- Glazing Medium-(satin)- <http://www.dickblick.com/items/00628-2065/>
- Varnish-(satin)- <http://www.dickblick.com/items/00628-2046/>
- Gesso- Acrylic primer for canvas or substrate surfaces, all brands work.

Acrylic Paints

- Acrylic fluid Paint for **Stained tissue** Paper (Brand Golden)- <http://www.dickblick.com/products/golden-fluid-acrylics/>
- Craft paints also work, bottles from Michaels or Hobby Lobby. They tend to be more Opaque.

Bowl Scraper for spreading acrylic mediums and a tool to spread and coat the papers with polymer medium [Schweppe's Restaurant supply store](#)

Save your plastic gift cards and old charge cards.

You can order them from Jonathan Talbot at Talbot1.com along with other collage supplies and books.

Tack Iron-Heat Sealing Iron- <http://www.horizonhobby.com/sealing-iron-han101>

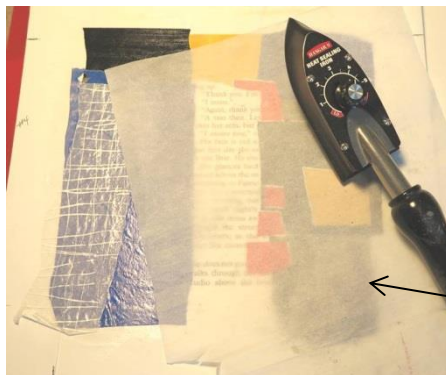

Safety Release sheets- insert between collage papers and tack iron so nothing burns.

Blick Art Material carries Release paper, <http://www.dickblick.com/items/23401-1026/>

This is a [Parchment backing sheet](#)

<http://www.jbprince.com/pastry-silpats-non-stick-baking-mats/teflon-baking-sheet.asp>

I sometimes use the paper from your discarded Avery address labels one side is has a silicone base and other not, the silicone side goes towards the collage papers between the iron so the papers can be fused and not stuck or burn on the iron.

Safety release sheets

Brushes

Flat brush like this

Small detail brush

2" brush comes in handy

Sketchbook

Papers collage...all kinds of material can be used, lunch bags, maps, Kraft paper, old books, magazines, drawing paper, tracing papers, engineer plans, old papers like ledgers, cards, playing cards and sheet music etc.

Sketchbook- spiral bound works great so that the spine of the sketchbook can handle the added papers when used for collage sketching.

Copyright free images- <http://store.doverpublications.com/>

Image Transfer paper-Staples Multipurpose paper, computer paper.

White Artists Tissue Paper-<http://www.dickblick.com/products/blick-pure-white-tissue-paper/>

Cheap Joes-<http://www.cheapjoes.com/> Citra Solv

Impact Images-<http://www.clearbags.com/>

Clear bags of all sizes, for card, and bin art display nice to store art work in.

Nevr Dull can be found at Ace hardware or Home Depot in the Cleaning section-it's a metal cleaner.

Deli papers to separate coated papers are purchased at Sam's Club or Costco's

Drawing and mark making media

Watersoluble crayons-Neocolor II's Caran d Arche'

Pastel pencil or inktense can be used

Drewent XL Charcoal blocks

Lyra graphite Crayon

And I like to use a workable fixatif to coat the drawing mediums before any more collaging continues.

White tape 3M #3051- <http://www.uline.com/Index.aspx>

Hot foil in different colors used at the end to add a bit of gold or silver with the tack iron. <http://kwik-print.com/>

I like to use found objects for stamping or create my own.

Stencils, cookie cutters, cake decorating, rubber stamps and even Your own home made ones are great to introduce all the way through The collage process.

Rubbing plates-Cedar Canyon
Textile plates,
<http://cedarcanyontextiles.com/>

I use these cosmetic wedges sponges and the house sponge trim rollers for stenciling and stamping. Great tools have around.
