2) Supporting Materials

Typically, at drop-off the artist will provide an artist statement (or a revised version, if desired, for the specific exhibit), a title/price list, and the entry fee

PICK-UP

Again, to ensure excellent relations with our gallery directors, please respect the time frame given to pick up your work at the end of the exhibit. If you are unable to do this, you are responsible for making alternate arrangements with another participating artist, with the Exhibit Chair, or-if necessary-directly with the gallery.

ENTRY FEE

The entry fee for each MCS group exhibit is charged to all exhibit participants as a fee in addition to annual membership dues or studio fees. If the gallery charges no fee to the Midwest Collage Society, each participating artist will be charged ten dollars (\$10). For exhibit venues where the gallery charges the MCS for the group show (rental, publicity, and/or opening reception costs), the total fee will be prorated among the participating exhibitors.

Every effort is made to keep the entry fee relatively low (below \$30) in order to encourage broad participation of MCS members. The parameters for all MCS fees, including exhibit fees, are proscribed in the organization's by-laws.
